

# Nilfisk Viking

## Dry Vacuum Cleaner

### Innovative high performer

The Nilfisk Viking is the most innovative vacuum cleaner in years. A patented noise reduction system makes for quieter cleaning and reduces unpleasant high frequency sound waves. The Nilfisk Viking is 20% lighter than other vacuums in its class, has 20% greater suction power and 20% more dust bag filling.

## Technically advanced for better productivity

The Nilfisk Viking is a truly innovative commercial vacuum cleaner with a technically advanced design that puts it in a class of its own. For the operator this means better cleaning productivity, from a unit that picks up dirt powerfully and efficiently.

It also means better handling and manoeuvrability, fewer bag changes and easy storage. On top of this, a patented integrated noise reduction system that utilises the construction of the machine itself to reduce the motor noise.

This is a vacuum cleaner of the 21<sup>st</sup> century. Technically advanced, environmentally friendly and ergonomically designed, yet with full consideration given to the need for low operating costs and high productivity.

**Large 10-litre dust bag extends operating time and increases productivity**

**Low, environmentally friendly sound level**

**Simple integrated design for maximum efficiency**

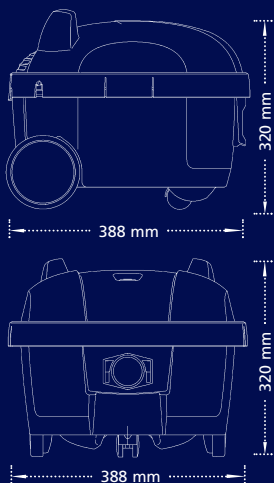

- Noise reduction system gives a lower frequency and softer sound
- Optimum suction power
- Designed for ergonomic operation
- Weight of just 4.7 kg plus large rear wheels and front swivel castors allows fantastic manoeuvrability
- Robust chassis made of recyclable polypropylene and ABS

## Technical specifications

Description	Unit	Nilfisk Viking
Rated power	W	1000
Airflow	l/sec	36
Vacuum	kPa	25
Suction power	W	300
Sound pressure per BS 5415	dB(A)	58
Sound power per IEC 704	dB(A)	73
Protection class		II
Protection grade		IP 20
Dust bag capacity	l	10
Weight	kg	4.7
Cable	m	8
Dimensions (h x w x l)	mm	320 x 388 x 388
